Pre-Convention Workshop
Software Solutions for Farm Management
January 29, 2024

\$15 no lunch included

2:00 pm - 4:00 pm

This workshop is meant to highlight software used by growers and available from industry professionals that make modern farming easier. This includes programs like a pesticide spray program manager, weather station data collection, and more. There will be several highlights of programs available commercially as well as a grower panel discussing efforts made by growers to use non-commercial programs to improve their farms and farmstand operations.

***Presented by the Young Grower Alliance,
State Horticultural Association of Pennsylvania and
Penn State Extension.***

**Pre-registration is required.
